

Private Driving Lessons

Why Would I Need Private Driving Lessons?

- In New Hampshire you need to pass a driving test to earn your license, even if you're an adult.
- Private lessons can help you get back behind the wheel in calm and dignified professional manner after a collision, driving scare, DMV driving test failure, or break from driving.
- In-car private driver training is a great idea even if you already know how to drive. Learn to master difficult road situations by getting comfortable driving in Concord or Manchester, on the highway, or anywhere you go!

Why Choose Street Wise Driving Academy?

- Personalized private lessons are specifically tailored to each individual based on their skill level and goals.
- Our in-car lessons cover everything on the driving test ranging from basic to complex maneuvers.
- You'll also learn risk reduction driving techniques and valuable tips for vehicle control.
